

For Immediate Release

ProTrans Selected a 2014 Top 100 Third-Party Logistics (3PL) Provider

Indianapolis, IN (August 15, 2014) ProTrans announces recognition as a 2014 Top 100 3PL Logistics Provider from Inbound Logistics (IL). The Top 100 list appears in the July 2014 issue and will be posted online and in a digital edition.

Inbound Logistics' Top 100 3PL Provider's list serves as a qualitative assessment of service providers we feel are best equipped to meet and surpass readers' evolving outsourcing needs. Distilling the Top 100 is never an easy task, and the process becomes increasingly difficult as more 3PLs enter the market and service providers from other functional areas develop value-added logistics capabilities.

Each year, Inbound Logistics editors select the best logistics solutions providers by carefully evaluating submitted information, conducting personal interviews and online research, and comparing that data to our readers' burgeoning global supply chain and logistics challenges. IL editors selected this year's class of Top 100 3PLs from a pool of more than 300 companies. The service providers we selected are companies that, in the opinion of IL editors, offer the diverse operational capabilities and experience to meet readers' unique supply chain and logistics needs.

"World-class logistics performance is crucial for companies of all sizes – from Fortune 500 to SMBs. Given the scope and scale of that challenge, IL editors recognize that ProTrans provides the kinds of solutions that companies large and small rely on to solve the tactical logistics issues of serving customers better, faster, and more efficiently. ProTrans is responsive, and continues to anticipate evolving needs by also offering the strategic solutions required to drive business process improvement and change for customers. For those reasons, Inbound Logistics editors are proud to recognize ProTrans as a 2014 Top 100 3PL Provider."

ProTrans Chief Commercial Officer, Shawn Masters, states "ProTrans is extremely proud to accept this award again this year from IL. We continue to be driven on a day-to-day basis in order to create value, deliver new and innovative solutions and reduce costs for our diverse customer base. This is an honor to be among those presented with this award."
