ProTrans named in Global Trade Magazine’s America’s Leading 3PLs for 2017

Indianapolis, IN (November 21, 2017) ProTrans announces recognition as one of America’s Leading 3PL’s by *Global Trade* magazine in its annual August/September “Top 3PLs Issue”.

As in previous issues, 100 of the best, biggest and brightest 3PLs were divided into various categories denoting various service expertise and company strengths. Companies were chosen based on a year’s worth of study that included their reputation in the industry and new initiatives and/or services provided, as well as exceptional excellence in doing what they do.

Global Trade listed ProTrans in the NAFTA category; appropriate because it is a core strength of ProTrans and our founding business model. However now, with nearly 25 years of experience, ProTrans’ supply chain solutions integrate with a broad range of North American and global business enterprises.
